## Ekka Inferno Nights

By Bennett

Every night, in the Main Arena between 6:30pm and 8:00pm families gathered to experience exciting and fun entertainment like no other.

When you think there's no more activities after a day at the Ekka, think again, as there is still a whole lot left in store.

Show highlights included the Flamed Fuelled Stunts, Powerful Performances and way more. The amazing entertainment had something viewers of all ages.

Jackson Hartley, a young visitor from Dayboro, Queensland, said, "The end jumps on the motorbikes, like the cool tricks, it's kind of entertaining to watch. It's exciting and my whole family liked it."

A well known climax to the night show are the fireworks. The display was set up by Andrew and Christian Howard, fourth generation pyrotechnicians, who sent gunpowder through the air at an average speed of 300 kilometres per hour.

A significant number of people who go to the Ekka for the day end up staying for the vibrant evening show.

Whatever your choice of entertainment is, the Ekka has something for you and you will have the experience of a lifetime.
